

Rave About It 2025 – Action Toolkit

■ Petition Text

We, the undersigned, demand immediate reforms to ensure justice, accountability, and family unity across the United States. We call on lawmakers to: - End profit-driven child removals and secret family court hearings. - Provide adequate mental health support for veterans to prevent suicide. - Reform criminal justice practices to prevent over-punishment for false allegations. - End abuse and neglect in prisons by creating independent oversight. - Stop family separations in immigration enforcement and prioritize reunification. We urge Congress and state legislatures to adopt policies that reflect justice, transparency, and compassion. Families and communities cannot wait another decade.
